The California Education Code contains legal requirements which direct schools to assess the English language proficiency of students. The process begins with determining the language(s) spoken in the home of each student. The responses to the home language survey will assist in determining if a student's proficiency in English should be tested. This information is essential in order for the school to provide adequate instructional programs and services.

As parents or guardians, your cooperation is requested in complying with these requirements. Please respond to each of the four questions listed below as accurately as possible. For each question, write the name(s) of the language(s) that apply in the space provided. Please do not leave any question unanswered. If an error is made completing this home language survey, you may request correction before your student's English proficiency is assessed.

1.	. Which language(s) did your child learn when he/she first began to talk?	
_

Must be given on or after first birthday

IMMUNIZATION LAW CHANGE FOR 2021-22 SCHOOL YEAR

- Beginning January 1, 2021, doctors will use an electronic form available through the California Immunization Registry (CAIR). CAIR is a secure computer system that is already used across California that stores children's immunization (shot) records. The doctor can send the form to the child's parent or school, or the school can access the from through CAIR directly. Schools can only accept medical exemptions on the CAIR form. If you have any questions or concerns about CAIR's system or forms, please contact your District Nurse.
- https://cair.cdph.ca.gov/exemptions/home or www.shotsforschool.org for more information

HEARING AND VISION

- Students will have their hearing and vision screened in kindergarten
- This is a state mandated procedure
- Subsequent screenings are done in 2nd, 5th and 8th grades

SPECIALIZED HEALTH NEEDS

Action Plans

- Food Allergy Action Plan
- Insect Allergy Action Plan
- Asthma Action Plan

Forms are available from school health office

Contact District Nurse for other medical needs or accommodations such as seizures, diabetes or immunocompromised

WHO IS IN THE HEALTH OFFICE?

- Name of Staff:
- ☐ Kathleen Chen

QUESTIONSP

PLEASE POST YOUR QUESTIONS IN THE CHAT BOX

I see children as kites.

You spend a lifetime trying to get them off the ground.

You run with them until you are both breathless.

They crash.

They hit the roof-top.

You patch and comfort, adjust and teach.

You watch them lifted by the wind and assure them that someday, they'll fly.

Finally, they are airborne; they need more string, and you keep letting it out.

But with each twist of the ball of twine, there is a sadness that goes with the joy. The kite becomes more distant, and you know it won't be long before that beautiful creature will snap the lifeline that binds you together and will soar as it is meant to soar; free and alone.

Only then do you know that you did your job.
